## THE RIGHT RING.

Crisp Makes a Great Speech at Allanta.

The Speaker Says the United Stales (hovernment

Can and Ought to Establish at Once the Free Comage.

Charles F. Crisp spoke before a joint up to 1873, the price also increased. session of the senate and house of the but after 1878 the price of cotton de-Georgia legislature to night. He had preciated because of the appreciating for as the Administration of Cfeveland been invited to address the legislature value of gold. He then read from the on the political issues of the day, but November report of the treasury to helpless of support as a small, frail confined limself almost exclusively to show that there was \$75,000,000 less the silver question, coming out emphatimoney in circulation now than one pass. Of the 105 Democratic members ically for the free coinage of both gold year ago, world over.

His speech was received with the greatest entlineissm. Mr. Criep began In speaking of the final result of the by stating that of course it was under- fight for free silver he said that he restood he spoke as a Democrat. The membered when 40 Democrats had Deniscratic party was born with the stood up in congress and voted against government. It stands for certain tariff relorm. Ily their aid the principles, local self government, Republicane had stricken out the en economy in public affairs, equal rights acting clouse of the Morrison bill. to all and special privileges to none, But the Democratic party bad been for a low tariff, "and in my judgment," persistent in the light, and had finally make their presentation of a question he said. 'It has always shoot for his won. They have not gotten all they metallism and upon that auliget I wanted, but the tariff laws now were intend to speak Anything short of infinitely superior to the laws of a few who will go with the Administration, Street Car and Passengers Drop the equality of the two metals at the years ago. mint is not limetallien."

Mr. Compthen went into the history of the comage laws. In 1873, he said, The Republican experiment of a single when silver was demonstrated, the hul- gold standard had not worked to the lion value of the silver dollar was it benefit if the people of this section. cents more than the bullion value of a queted from Thurman, Allison, Gar. and." the bill demonstized silver.

ment that from that day to this the majority of the Democratic party had been working to rehabilitate silver. The single gold standard was a Repultidan measure. He analyzed every vote on the silver question taken iu congress since 1873 to show that a great majorite of Democrate had voted every time for the free coinage of silver, except in 1893 when the proposition t repeal the Sherman law was up, and at that time it was because they expected to have an opportunity to vole subsequently for a sub measure. And even they there was but two Democratic majority.

The single gold standard had never met with the approval of the majority of Democrats of this country. He and there was no advantage in having silver as a money, unless it stood upon intend to say that a man who favored the single gold was not a Democrat, but he did mean to say that the vast majority of the Democratic party had always been in favor of the bimetallic

Mr. Crisp exhibited a small piece of silver bullion which he expected could not be used as money in any way. It could not be used with which to purchase commodities, but if there was a law allowing it to be taken to a mint and coined then everybody would want it. He agreed that the value of a eilver dallar should be a dollar. The to a mouey status—to rehabilitate it: Coin it at the ratio of 16 to 1. That would re establish its commercial value. (Great Applause.)

He illustrated by showing that when the senate passed a free coinage bill weren years ago, the bulliou value of ailyer rose 23 cents an ounce in 10 days in the London market.

any flood of silver," he announced nounced that the agitation against the There was no country in the world Christians of Northern Syria is exthat would ship its rilver here to ex-change it for gold. We had gained tie understood in well-informed

CHAT'S PERIL.

A Story of Panther Hollow.

Written for the Press by Robert C. llaynes, Author of "Fent's

[CHAPTER XXI CONTINUAD ] Now Bob was 'smitten,' as they say! Twas told me too by Corrybe got it from Birdle, I think-That they were soon to marry.

oys, Bob met with a mishap-which this world is rife— folew all remance out of him. One day-a pleasant afternoon-

Rob took along with him To see this girl, a neighbor boy— I think his name was Jim. With wind, and rain, and fog,

And Bob and Jim sought reinge in A large old hollow log. Gee-whillkens! boys, how it blew! Twas like a demon's reign!
Great naks were hurled up from thel

Bob stuck his begd out of the log; Jhu held him by the shoe-t soon came off, and out libb went,

The storm raged wildly—itob went up As though he d been a feather! Great trees, and stumps, and higs, and

Went whirling up together! And then the storm was passed and gone: Itab could nowhere be found, Although no stone was left unturned, healt the country round,

"Annie came one day to my bouse— The tears rolled down her face— And begged that I wenth shadow Itoh, Would take charge of the case,

I told her I would do my best; There was not any chie, Except to get possession of— Which I would try—his shoe.

But Jim bad given that to her; "Twas Robert's Sunday shoe— he used it for a writing desk— And prized it highly too." Hut Sam was interrupted here:

"What's that " said Johnny Dec Looks like a shoe to no

A patent leather shoe, "That's what it is, and no mistake!" Cried Fent; "Get flown Fate-do." I blieve 'tis poor Chat's shoe!

And proudly carried lo his month

CHAPTER XXII.

ate, bounding quickly from his mule. Suhl, pleking up the shoe, Tis Chat's shee, boys, a number ten,

What marks are these upon the shoe! Continued he, "Look here! ltoys, these are prints of wolf teeth We're done with Chat, I fear. '

That's just the kind of shoe he wore I helped to put them on," Said Fent, "he wore a number ten-The same as you do, John.

'The ontlook's rather gloomy, boys,' said Johnny Dee? "Thor Chat" fear he's nict an awful death-A sad, sad thought is that! A splendid fellow too, was Chat: In all the country round, letter boy ne'er walked on legs-

"Ewere better he'd ne'er seen a girl,"

Sighed Fate. 'Alas' poor that! Far better been a bachelor, Than meet a tate like that!

They cause as our woes to double: They get our hearts, then turn us cof-They cause all kinds of trouble. "Some truth in that, Fate," Fent re

plied; "Tls that way as a rule; If he'd had Driver's mule.

"And Chat was such a jolly boy; We'll miss him sig' sigked Dave; 'oor fellow ! we'il ne er meet again. On this side of the grave,

Come, don't be so despondent, boys: You see," Sam Wulker said, No signs of blood upon this shoe; I don't think Clint is dead.

It might have been," continued Sam, As Chat was riding through wolf leaped up and enight his foot, And thus pulled his shoe,"

They then moved on-team went la Each mounted on his least; They saw too, signs of coming day— Ited streaks far in the east.

"I'will soon be daylight, boys," said "I'm glad of it," Sam gave The shoe to Fate, and he to Fent; Fent handed It to Dave.

Hoor Lanra shall possess shis shoe,"
Said Dave, overcome with gloom;
"Can use it for a waste basket,
And keep it in her room." What's that, boys?" Interrupted Fent;

"Look Davy on the ground— I'ls some wild heast—panther or bear— "Too large for any hound!" Although the light was yet quite dim. The "boys" could plainly see
The huge wild beast, "A panther, Dave

By grab" cried Johnny Dec. It seems to follow old Jude's tracks," Said Sam; look, Johnny Dee— That panther's on the trail of Chat—

That's plain enough to me. Now we will follow on its trail," Continued Walker; "See!
Tis stopped, sure as the world goes round— "Tis climbing yonder tree!

Now have your gans all ready, boys!-Be sure to to see to that -ook, what is that out on that limb? Sure as the world 'tis Chat' Gee whilikens?" Sahi Johnny Dee;

"Jerusalem" cried Fate: "Great heavens?" said Have; "Gee whiz" cried Fept, "I fear we are too late!" Don't get excited, boys, said Sam,

Or nervous in the least— Our only chance to save Chat's life, Will be to klil that beast!" I was only a few yards ahead; The 'boye" could plainly see The savage beast look up at Chat, Then climb on up the tree!

No time to lose, hoys! Sam exclaimed: "This is our only show To save his life! - take steady aim! -"Twont do to miss, you know!"

Be careful how you aim!" erled Chat; 'Fent you and Johnny Dee, And Fale alm squarely at the heast— For Uni up in this tree!"

The simultanious shots were thred. With but a single sound— And then the huge feroclous beast Lay dead upon the ground. "Well done! He's deader than a

Cried Chat, from up the tree How are you, Dave, and Fent and Aml Sam, and Johnny Hee?" "Why hello Charl that you, my boy?" Said Davy, "how d'you do? And why is it you only have One patent leather shoe?"

Why is it you're out here at all? How came you in this tree? Thy stay in Pauther Hollow, Chat, All night?" askeri Johnny Dee.

And why," said Fent, 'did you not Me at the swin ming hole? waited there till eight o'clock With Carrie dear sweet soul!"

And why is It you did not go Dat bothe church? asked Fate, We held upservices for you I'util 'twas half jost eight." These questions, gentleman," said Chat, "Are fair ones, as rule;

The answer is, I role old Jude, Instern of Driver's mule. "ti'l had ridden Driver's mile, I'd gone by Wildest Hill. Thence on the road from Bears Retreat Down by the water mill:

I'd gone then to the miller's house For Lagra -bless her soul! -Then met with Fent and Carrie Lee Down at the swimming hole

And then we'd gone on to the church l with my lovely Laurs, And new 1 d been a married man-A benealiet—like Forry,"

"If you had taken my advice," Said Fent—"good, as a role— Instead of riding tricky Jude, You'd mounted Driver's mule "

Wall, why dont you get down from Why stay up in the tree? Have you not set there long enough For once?" said Johnny Dee.

Of course-lent drive those dogs away;

Else how can I jump down? They'd take me for a catamount!" Chat answered, with a frown. Fate made his our dog leave the tree,

Have drove off every incomd. Then Chat, with great dexterity, swing off on to the ground "The panther's dead, the wolves are

and I'm once more upon the ground, And Driver's nucle is bere!"

## The Scientific Churn.

The Only Churn on Earth

That Utilizes the Air in the in Process of Buttermaking

WE WILL GIVE \$1.000 REWARD

For any Churn that will make a better quality of Butter in the same length of time.

R. H. Browning,

PATENTEE.

MISSOURI

O'BANNON, - General Agent

### BRIEF DESCRIPTION:

T is put up on scientific principles for thim Butter Making . It is acknowledged by all who use it to be the best, cheapest, cashed leaned and adjusted, simplest constructed, and most durable of any churn ever offered to the American just cle of cream is agitated thoroughly and aitke, and at the same time the oxygenating process is complete. It will readily be seen from the Cot that the power can easily be attached to a stone for the or low ry reclprocating charn. The dasher-blades are formed sidually on two shafts. The inner shaft is hollow and when in operation, the dashers n in opposite directions, drawing the the bottom, crusing a slight vacuum, which is filled with drained ted the air to mange intimately with the milk, and the overen in the combines with the sugar in the milk and postness lastic gert who circls the casine (cheese matter) thus separating from butter when the buttkr globules are inpured by agitation.

combine with it the necessary ovegen as these spiral dushers do. The Corbett has announced his retired ment from the ring. Those who are conizant of some recent matters, are of the opinion that the ring has retired from Mr. Corbett and the rest of his like with the rest of his like went the rich, and the poor, he would go as far to see a poor man of the themselves, no plugges of Arring of the second with the rest of his like went the rich, and the poor, he would go as far to see a poor man of the themselves, no pluggest of the churning with performance of the churning with per
